

Art Cart Message

COMMUNICATION · ONE LINE

Sasha steadies the art cart beside the sink. Paint cups sit on top, and glue sticks fill a marker bin. The art teacher asks Sasha to help the next table helper. The helper will need clean brushes for watercolor. The clean brushes are in the tall green bin. Sasha's note says, "Brushes are ready," but not where.

Write the exact sentence Sasha should say.

Sasha needs to tell the next table helper where the clean watercolor brushes are.

- clean watercolor brushes
- tall green bin

Think about it: What makes Sasha's corrected message easier for the helper to use?
